Pirinase Hayfever Once Daily 0.05% Nasal Spray

Uses

For the treatment of seasonal allergic rhinitis, including hayfever. Also provides symptomatic relief of sneezing, itchy and runny nose, itchy and watery eyes, nasal congestion and associated sinus discomfort. Not suitable for those under 18 years.

Dosage

Adults over 18 years: 2 sprays into each nostril once a day, preferably in the morning. Once symptoms are under control a maintenance dose of 1 spray per nostril once a day may be used. If symptoms recur, the dosage may be increased accordingly. The minimum dose at which effective control of symptoms is maintained should be used. The maximum daily dose should not exceed 2 sprays into each nostril. Under 18 years: not to be used.
